

(12) PATENT APPLICATION PUBLICATION

(21) Application No.201711035149 A

(19) INDIA

(22) Date of filing of Application :04/10/2017

(43) Publication Date : 05/04/2019

(54) Title of the invention : A SYSTEM AND METHOD FOR NON DESTRUCTIVE REAL TIME TESTING AND DETECTION OF HIGH VOLTAGE FLASHOVERS

|                                               |            |                                                |
|-----------------------------------------------|------------|------------------------------------------------|
| (51) International classification             | :G08B21/00 | (71)Name of Applicant :                        |
| (31) Priority Document No                     | :NA        | 1)UJJWAL KUMAR KALLA                           |
| (32) Priority Date                            | :NA        | Address of Applicant :DEPARTMENT OF ELECTRICAL |
| (33) Name of priority country                 | :NA        | ENGINEERING GOVT. ENGINEERING COLLEGE          |
| (86) International Application No             | :NA        | BIKANER, RAJASTHAN Rajasthan India             |
| Filing Date                                   | :NA        | 2)RAKHI SUTHAR                                 |
| (87) International Publication No             | : NA       | (72)Name of Inventor :                         |
| (61) Patent of Addition to Application Number | :NA        | 1)KALLA, UJJWAL KUMAR                          |
| Filing Date                                   | :NA        | 2)SUTHAR, RAKHI                                |
| (62) Divisional to Application Number         | :NA        |                                                |
| Filing Date                                   | :NA        |                                                |

(57) Abstract :

A System and method for Non destructive testing and detection of High Voltage Flashovers using System Power Quality Parameters

No. of Pages : 27 No. of Claims : 14
