

MAPAC

MANIT ARCHITECTURE & PLANNING ALUMNI CHAPTER

INTRODUCTION

Strong Alumni has been the backbone of any great Institute and good connections have always proved to be a catalyst for growth in the educational domain. In regard to the current scenario and necessity, there was a requirement of an initiative to look over this aspect.

MAPAC is an Alumni Chapter for Department of Architecture and Planning founded by Utkarsh Srivastava and Madhur Manan Ganda, two enthusiast Alumni (2012-17 batch) who took the initiative of bridging the gap between the Alumni and students of Architecture and Planning in MANIT.

VISION

The chapter envisions to connect people, share knowledge and acknowledge the work of Alumni as well as students of the department.

MAPAC strives to foster an engaged and passionate community of alumni which would enhance the student experience, promote student-alumni interaction, acknowledge work and achievements of alumni. It will establish association to the institute and cultivate relationships between students from past, present and future batches. Our goal is to be a vital partner in the success of Department of Architecture and Planning through the significant engagement of alumni.

INITIATIVES / EVENTS

MAPAC would be conducting webinars, seminars, workshops, guest lectures, career counselling, batch reunions and events. Archi Adda Talks is one such initiative.

ARCHI ADDA TALKS

Archi Adda Talks is an interactive live video session on instagram with the alumni of Department of Architecture and Planning, MANIT Bhopal, initiated by MANIT Architecture - & Planning Alumni Chapter (MAPAC). With each speaker coming from different niches and streams, young professionals in the audience benefit from their diverse set of experiences and practical knowledge. It is organised on Sunday evening with live audience joining the session. Over 12 sessions have been already organised which include Alumni from different specializations.
