2.0 An Overview:

2.1 Historical Background/Institute Profile:

Maulana Azad National Institute of Technology (MANIT) is one of the leading institutions of national importance in the area of technical education. Established with the objective of f g x g n q r k p i h Ć Ğ z E i n p e n t i a l I n d i a, it aims at becoming a multi-disciplinary centre for technical education by strengthening both teaching and research activities besides contributing to the needs of rural community, society and industry at large.

The Government of India and the Government of Madhya Pradesh, jointly sponsored the Institute on 4th September 1960 to attract bright young students from across the country. It was formerly known as Maulana Azad College of Technology (MACT), that was among the first eight Regional Engineering Colleges of India. It has been named after the great scholar, educationist and the first education minister of Government of India, Dr. Maulana Abul Kalam Azad. The foundation stone of the Institute was laid by Late Pandit Jawahar Lal Nehru, the then Prime Minister of India, on 23rd April, 1961.

In June 2002, Maulana Azad College of Technology was elevated to the status of a Deemed University bearing the name Maulana Azad National Institute of Technology (MANIT) Bhopal, by the Ministry of Human Resource Development (MHRD), Government of India. Enjoying the status of an institution of National Importance, MANIT is funded by Government of India and is governed by the Board of Governors (BOG) constituted as per provisions made under the National Institute of Technology Act 2007. The Board of Governors consists of a Chairperson, nominated by the President of India, the Director (ex-office), two nominees from MHRD, two nominees from Government of Madhya Pradesh, one nominee from IIT, two nominees from the Senate of MANIT, and Registrar, as the Secretary of BOG.

MANIT offers Bachelors, Masters and Doctoral programmes in Engineering and Technology, Sciences, Computer Application and Management. The programmes of study include nine Bachelors and twenty nine Masters programmes, Master of Computer Application (MCA) and Master of Business Administration (MBA) along with Doctoral programmes. The Institute has been conducting full time M.Tech. and industry oriented courses since August 1968.

5.2 Admission Procedure

Under Graduate Course (B.Tech./B.Arch.) :

Admission is based on the relative performance in the Joint Entrance Examination (Main) conducted by the Central Board of Secondary Education (CBSE) as per directions issued by the MHRD, New Delhi from time to time. The candidates should have successfully passed 10+2 examination with the combination of subjects prescribed by AICTE, New Delhi, for respective discipline.

Post Graduate Course (M.Tech./MUDP)

The admission is based on the merit of GATE (Graduate Aptitude Test for Engineering) Score and is done through Centralized Counselling for M.Tech. conducted by the coordinating NIT as per direction of MHRD, New Delhi.

Master of Computer Application:

Admission is based on the relative merit of all India MCA Common Entrance Test (NIMCET) conduct by the coordinating NIT as per the directions of MHRD, New Delhi.

MBA

The admission is based on merit prepared on the basis of CAT/GMAT Score (70% weightage), group discussion (20% weightage) and personal interview (10%).

5.3 Course Wise Enrolment With Sex, Caste Break-Up

Course wise enrolment of students with sex and caste breakup for the session 2016-17.

First to Final Year B.Tech./B.Arch./B.Planning/MCA/M.Tech./MBA(FT) in the year 2016-17.

5.6 Teaching, Examination And Evaluation System:

5.6.1 Number of Semester, Maximum Duration and Academic Requirements for Post Graduate Courses:

The following table lists the maximum duration allowed in the programme, and credits requirements for post-graduation in the various programmes.

Name of Programme	Number of Semester Required	Maximum Duration Allowed to complete the program
M.Tech.	4 Semester	4Years
MBA	4 Semester	4 Years
MCA	6 Semester	6 Years

No student who has completed the prescribed maximum duration in the programme shall be allowed to register in the subsequent semester unless he/she has been granted extension of the programme by the Chairman Senate on the recommendations of the HOD and Dean (Academic Affairs).

5.6.2 Evaluation process for M.Tech./MCA/MBA

Theory paper

End term Examination (Duration 180 minutes) Maximum marks	Mid term Continuous Evaluation Distribution		Total	Total Marks (Theory)
	Minor I	20		
60	Innovative work/ Assignment	20	40	100

End Term Examination (Duration 120 minutes) Maximum marks	Continuous Evaluation (Practical) Distribution		Total	Total Marks (Practical)
	Laboratory/ workshop work Mid term	20		
60	Submission & viva	20	40	100

Evaluation process for M.Plan

End term examination (180 minutes duration) Maximum marks (Theory)	Mid term Continuous Evaluation Distribution		Total	Total Marks (Theory)
	Mid term examination (90 minutes duration)	20		
40	Studio, Viva & Assignment	40	60	100

For promotion in next higher classes (II/III years), required Cumulative Grade Point Average (CGPA) at the end of even semester is 4.0, and CGPA for completion of course is also 4.0. Further the student must complete the M.Tech and M.Plan programme in a maximum of 4 years and MCA in 6 years.

5.6.3 Academic Performance Requirement

- The minimum SGPA requirement for continuing in the programme or for post graduation is 4.0 for M.Tech./M.Plan/MBA and 6.0 for MCA.
- If a M.Tech./M.Plan/MBA/MCA student secures a CGPA 4.0, he/she may be allowed to continue in the following semester on the recommendation of the DPGC and with the approval of the Chairman Senate.

(iii) A student will not be allowed to continue in the M.Tech./M.Plan/MBA/MCA. programme if:

- (a) His/her CGPA is below 4.0 in two consecutive semesters.
- (b) He/she obtains more than two F in the same or different courses.
- (c) He/she accumulates three or more F grades before the start of the final semester/thesis.

However, those who have completed course work but their CGPA is less than 4.0 or have discontinued from the course, Diploma in the course can be awarded on the recommendation of the Chairman, Senate.

(iv) The DPGC will keep a watch on the progress of every student and whenever a student fails to meet the requirements it will intimate the Dean (Academic Affairs) who can start the termination process. If the program is terminated, the Head of the Department will issue the letter of termination in consultation of Dean (Academic Affairs) through Controller of examination (COE).

Maximum credit point average, CGPA required for M.Tech/M.Plan degree is 90 credits, for MCA it is 150 credits and for MBA it is 100 credits.

The provisions of conducting the revaluation of answer books and supplementary examinations are completely abolished.

5.6.4 Teaching

The medium of instructions/ evaluation etc. shall be English. Every course comprises specific Lecture-Tutorial-Practical (L-T-P) schedule. A lecture of one period (55 minutes duration) is assigned one credit where as Tutorial/Practical has only 0.5 credit per period. Usually three lectures are assigned for one theory subject and most of the practical classes are of two periods duration. Each course, along with its weightage in terms of units, shall require approval of the Board of Studies and approval from the Senate. Only approved courses can be offered during any semester. The theory courses are in three categories namely, departmental core subject, departmental electives and open electives. The registration of open electives can be opted by students of any branch, with the course whenever offered in any semester, shall be conducted by the assigned faculty in charge with the assistance of the required number of faculty/tutors. The faculty in charge shall be responsible for conducting the course, holding the examinations, evaluating the performance of the student and awarding the grades at the end of the semester.

5.6.5 Evaluation process for B.Tech, B.Arch and B.Plan

In each semester, there shall be normally one mid term examination and one end examination. As far as possible, all the examinations shall be conducted during the announced examination periods in the academic calendar. Each student, registered for a course, shall be awarded marks by the concerned faculty in charge. The marks awarded to a student depend upon his performance in various examinations, laboratory works/ innovative works/ assignment etc. The marks are used to award their relative letter grades and grade index.

Continuous evaluation system has been adopted along with credit and grading system as per the

5.6.7 Credits, Grades, Semester and Cumulative Grade Performance Average

To clear a particular subject the required grade and grade point for **B.Tech, B.Arch and B.Plan** is D (4.0) . For promotion in next higher classes (III/IV/V years), required Cumulative Grade Point Average (CGPA) at the end of even semester is 4.0, and subsequently GGPA for completion of course is also 4.0, further the student must complete the B.Tech and B.Plan programme in a maximum of 6 years and B. Arch. in 7 years.

To qualify the four years B.Tech degree course, a student has to complete minimum 174 credits where as for four years B.Plan degree course minimum requirement is 184 credits and for five years B.Arch degree course minimum requirement is 230 credits.

5.6.8 Credits, Grades, Semester and Cumulative Grade Performance Average

(i) In each course a student registered, earns certain approved credits and is awarded a letter grade indicating his/her overall performance in that course. There are seven letter grades: A⁺, A, B⁺, B, C, D

and F. The minimum passing grade in a subject is D. Their equivalent numeric values are given in the following table.

(ii) F grade is treated as Fail grade. Any student getting this grade will have to appear in the examination again whenever it is scheduled by the institute. A student cannot be allowed to have F grade in more than two subjects in one semester. Also he/she has to improve this grade in maximum two consecutive attempts.

Letter Grades	Grade Points	Description of Performance
A ⁺	9.0 to 10	Outstanding
A	8.0 to 8.99	Excellent
B ⁺	7.0 to 7.99	Very Good
B	6.0 to 6.99	Good
C	5.0 to 5.99	Average
D	4.0 to 4.99	Satisfactory
F	< 4.0	Fail

5.6.9 Computation of the Semester Grade Performance Average (SGPA) and Cumulative Grade Performance Average (CGPA)

The SGPA and CGPA is an indicator of the overall academic performance of a student in all the courses he/she has registered during a given semester/year.

Similarly, the GGPA indicates the cumulative academic performance in all the courses/subjects taken during the entire stay in the institute.

Formula for calculation of SGPA, CGPA, GGPA

$$U I R C < " " " " " ? " \hat{U} * p w o d g t " q h " e t g f k v u " g c t p g f " k p " g c : j "$$

Total number of credits in that semester

$$E I R C ? " O g c p " q h " q f f " c p f " g x g p " u g o g u v g t " U I R C \emptyset u$$

$$I I R C ? " O g c p " q h " c n n " E I R C \emptyset u$$

The course credits and thesis/project credits will be shown separately in the final grade card with overall GGPA. In case a student is clearing any fail subject, the new grade obtained will replace the older one while calculating the overall SGPA/CGPA/GGPA.

The final grade index and grade shall be displayed in the institute web site and student can approach the concerned subject coordinator (s) for any clarifications within one week of the announcement of the grades. The process of evaluation shall be transparent and the students shall be made aware of all the factors included in the evaluation. In case of any corrections, the subject coordinators (s) shall have to incorporate the same before finalizing the grade and printing the mark list.

Dr. T.S. Desmukh	Japan	Educational visit to understand Dam Safety and Management Measures	03October 2017	07-October 2017
Dr. P.K. Agarwal	China	To Attend World Conference on Transportation	09 June 2016	16 June 2016
Dr. Mukul Kulshreshtha	Czech Republic	To attend the 15 th International Conference on Data Envelopment Analysis (DEA-2017) held at University of Economics, Prague	23 June 2017	30 June 2017

7.0 CENTRAL FACILITIES & SERVICES

7.1 CENTRAL LIBRARY

1. More than 1,00,000 books are available in the central library.
2. The library is open from 8:00 a.m. to 8:00 p.m. on all institute working days.
3. Book Bank Facility is also available for General & SC/ST students.
4. Number of books available in General Book Bank is more than 5,500.
5. Number of books in SC/ST Book Bank is more than 14,000.
6. More than 2,000 learning material CDs are also available.
7. The institute is a member of E-Shodhsindhu consortium. By virtue of this membership, it has access to some important online resources, including: ACM, ASCE, ASME, J-Gate, Nature, OUP, JSTOR, EPW, ASTM, ISID etc. The institute has also subscribed to ScienceDirect, IEEE (IEL), INFORMS Journals, and has membership of about 12 e-Books packages also.
8. Digital library facility is also available.
9. The institute has Central Library Advisory Committee that includes Chairman, three Members [a former Chairman (LAC), I/c Librarian and Assistant Registrar (Purchase)], and all departmental library coordinators as associate members.
10. The Central library is divided into seven distinct divisions, namely: Acquisition, Binding, Circulation, Computer Center & Data Entry, Documents & Records Keeping, and Overdue Charges. Each division is headed by a senior library professional / employee with years of experience behind him. All Divisional In-charges report to I/c Librarian and work under his supervision.

7.2 HOSTEL

Following are the details of all hostel rooms and students strength in hostels :
