[Research Project Assistant](#) – Create unlimited projects and manage your research needs in one place.

Academic writing assistant

Key Offerings

- Get instant AI powered suggestions for language improvements while you write your manuscript!
- Our language suggestions are powered by cutting-edge AI trained on corrections made by professional editors to billions of words worth of research
- Get unlimited suggestions on the Word add-in or Web editor.

How to use

- For web editor, click on 'Go to Paperpal for web' button
- For Word add-in, open Microsoft Word and follow the steps below
 - ✓ **Install Paperpal:** Search for Paperpal, click Add and accept terms by clicking Continue
 - ✓ **Use Paperpal:** First time you open Paperpal Add-in, you will be asked to trust this add-in and validate yourself using your email. Login with your Researcher.Life email and password to avail the benefit.

Scientific illustration tool

Key Offerings

- Access to the world's largest scientific illustrations gallery
- Access to Tips and support from the Design and Infographic team
- High-resolution exports in PNG, PDF, and TIFF format
- Request upto 5 illustrations per month & get 6 different illustration versions

How to use

- Click on “Take me to Mind the Graph”
- Register on Mind the Graph
- Get access to the Beginner subscription upon successful registration
- You can create one editable figure and four scientific illustrations in the Beginner subscription

Literature Recommender

Key Offerings

- Get recommendations from amongst 100 million+ papers across 9.5 million topics
- Create your personalized research playlist and listen to paper abstracts on the go
- Translate any paper into a language of your choice to read better and faster
- Collaborate with any number of co-researchers on your reading lists
- Always keep your library synced with your reference manager and keep all your research centralized at one place
- Read full texts or switch to smart summaries and get rich insights in seconds

How to use

- Click on 'Explore Reading'
- Avail the benefit by sharing your topics of interest
- Get access to your personalized reading feed, and find relevant articles on both app and web
- Download the 'R Discovery' app from App Store or Play Store and stay updated on your research interests!

Journal Finder

Key Offerings

- Search from a database of 43k+ journals indexed in CrossRef, DOAJ, Scopus, and Web of Science
- Search using any of the 4 available modes.
- For search using abstract or manuscript, get notified of a degree of match and common topics with the journal. Also view published papers in the journal that are similar to your research in terms of their content
- Filter on a number of parameters including viewing only Open Access journals
- Save search results that interest you to review them later from your “My Saved History” tab.

How to use

- Click on ‘Use journal finder’
- Pick one of the four modes of search – using abstract, by sharing topics of interest, via journal name or ISSN, or using your manuscript draft.
- Use filters to get journals more relevant to you
- View the journal report if you have searched using an abstract or manuscript and save it to review later if needed. If you have search by sharing your topics of interest, journal name, or ISSN; you can bookmark the journal that interest you to refer later.

Research Project Assistant

Key Offerings

- Create unlimited projects and manage your research needs in one place
- Get relevant recommendations for research projects from ideation to publication, and beyond
- Check your manuscript's submission readiness, find relevant journals you can apply to, discover papers to cite and fetch shareable summaries for your research

How to use

- Click on 'Explore My Research Projects'
- Avail the benefit by creating your first research project
- Check your manuscript's submission readiness, find relevant journals you can apply to, discover papers to cite and fetch shareable summaries for your research

The background of the slide features a grayscale photograph of several hands stacked on top of each other in a circular arrangement, symbolizing teamwork and support. A semi-transparent white rectangle is overlaid on the left side of the image.

editage

We are with you every step of the way as you achieve your dreams - publication, everything that precedes it, and everything that comes after.
