Dear Professors,

The DAAD (German Academic Exchange Service) is a joint organisation of German institutions of higher education and student bodies. Our aim is to promote academic co-operation worldwide, especially through the exchange of students, scholars, academics, and scientists. To this aim the DAAD offers scholarships and funding to various target groups. **The DAAD scholarships are open to all subject fields.**

We would request you to kindly share the following programmes with those who are registered for their PhDs with your departments and those who have recently completed their PhDs. We will highly appreciate it. This is a new short-term scholarship programme offered to Indian scholars by the DAAD.

Here are the links to the programmes.

Long Term:

- Research Grants – Doctoral Programmes in Germany (PhD programme)
